How the scoring works in January

Individual Points

Each person starts with 10 points

If they run all (or more) runs, they get 100% of their points. If you do more, then you're a SANDBAGGER!

If they run fewer runs, they get the percentage of the 100% (eg. If you run 3 out of 5 runs, you get 60% of the points)

Each person can claim bonus points a week. The Sub-zero and pre7/post8 are added to individual scores.

So, each person can earn a maximum of 12 points per week in January

Individual points are totalled for each team, then divided by the number of team members to make every team equal size and given as a score out of 100.

Note: The average score can go OVER 100% because bonus points for sub-zero and pre-7/post8 are added on.

Additional team points

Elevation per mile is worked out for each team and ranked to give 10 points to the highest team , 8 to the next down to 2 point to the lowest.
